

Website Description and Overview

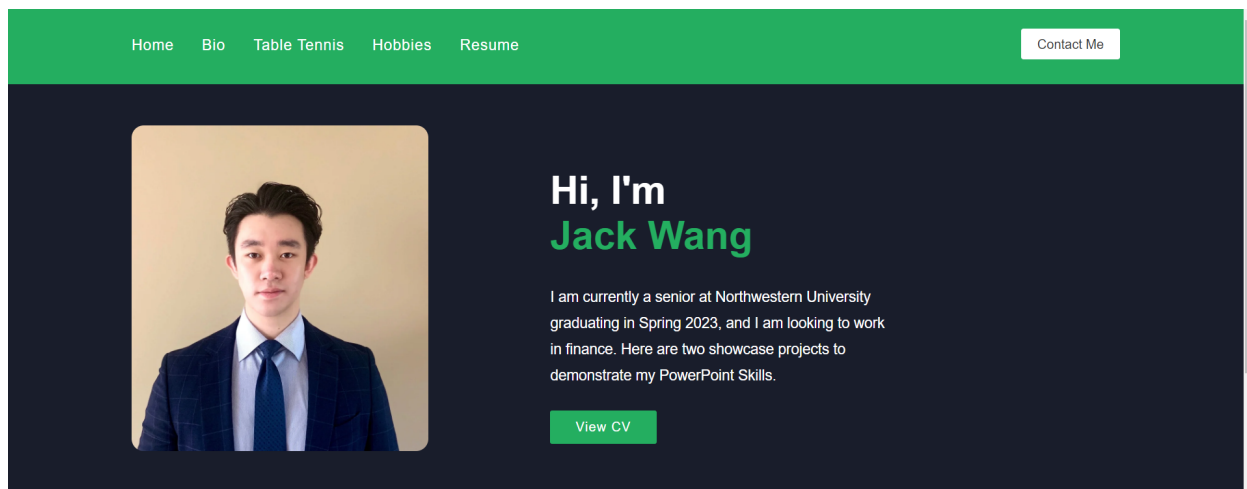

Menu

I have a menu with various menu items including Home, Bio, Table Tennis, Hobbies, and Resume. I also have a separate Contact Me button with contact info

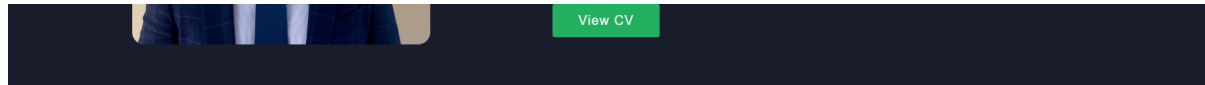

Landing Page

My landing page consists of my professional photo, my name, a short introduction, and a “View CV” button that leads to my resume. The user can also navigate to my resume with the resume menu item.

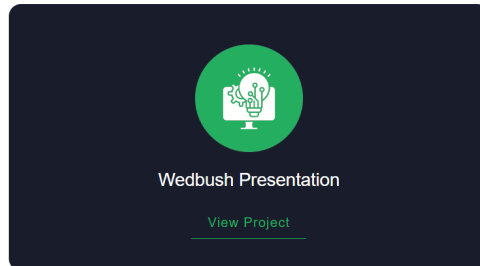

My Projects

There is also a My Projects section that links to two presentations that I previously created in google slides. There is also a read bio button that directs the user to my biography. The user can also navigate to my bio with the bio menu item.

My Projects

[Read Bio](#)

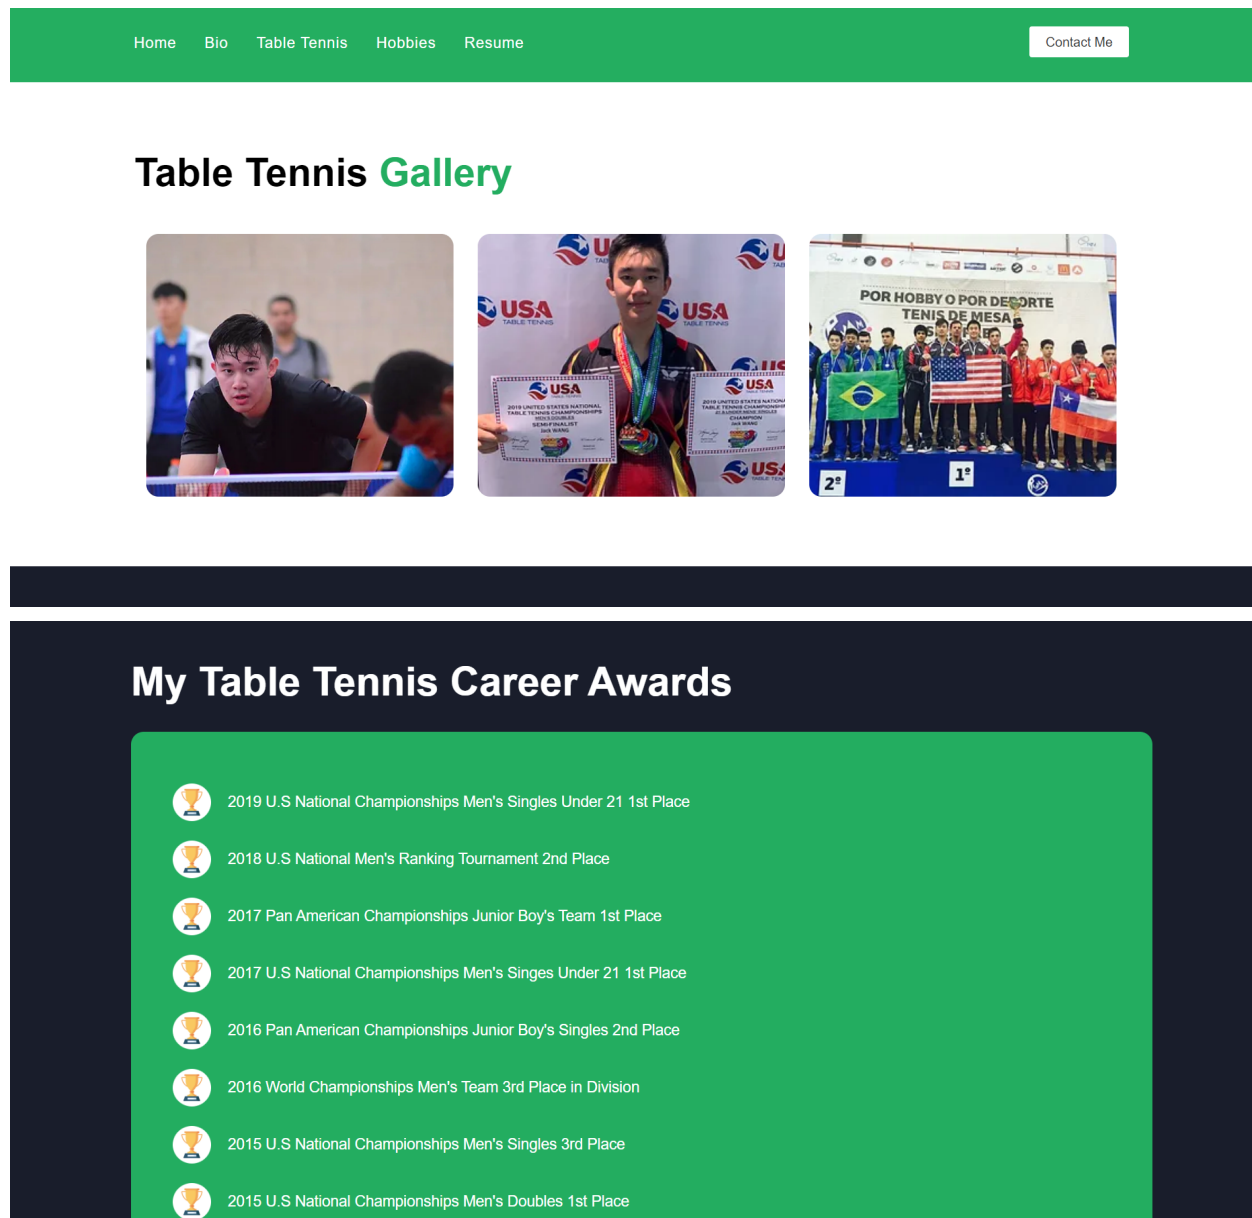

Bio

My Bio page features my professional photo as well, and it also includes a longer description of my background.

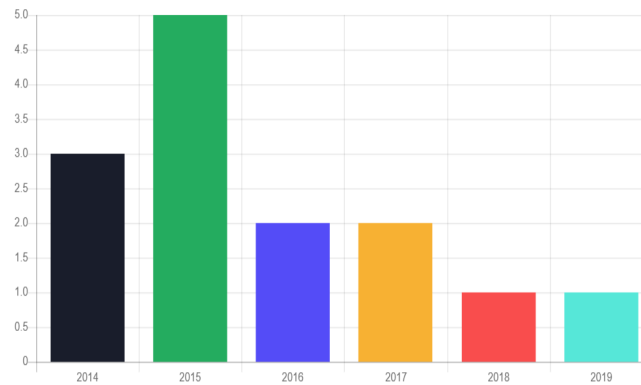

Table Tennis

My Table tennis page includes a table tennis gallery as well as a list of awards that I have achieved.

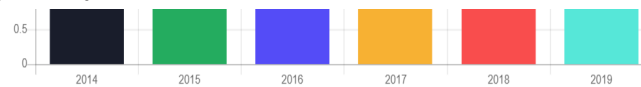

It also includes the Data Visualization extra credit, through a graph that visualizes the number of major awards I won throughout the years.

Number of Major Awards I Won From 2014 to 2019

My table tennis page also features another aspect of the extra credit, which is the external content integration. There is a youtube video of one of my previous matches that is accessible and watchable directly on my website.

2017 US National Table Tennis Championships Men's Under 21 Singles Finals
YouTube Highlights

Resume

My resume menu tab leads the user to my resume

Contact Info

The contact me button directs the user to my contact information.
